TRADE FOCUS

Business-to-business

**01 / SPICES & SEASONINGS**

Essential ingredients.

Proposed range for grocery importers, foodservice distributors, repackers and food manufacturers. Grades and formats are confirmed against your specification.

PRODUCT	FORMATS / BUYER SPECIFICATIONS
Turmeric	Powder or dried fingers; colour, curcumin and grind specification.
Cumin & coriander	Whole seeds or ground; purity, moisture and mesh specification.
Chilli & paprika	Whole dried, flakes or powder; heat level and colour specification.
Black pepper	Whole or ground; origin, density and grind specification.
Cardamom & cloves	Whole spices; size, grade and essential-oil specification.
Cinnamon & cassia	Quills, pieces or powder; species and origin to be specified.
Fennel, fenugreek & mustard	Whole seeds or ground where available; identity and purity.
Ginger & garlic	Dried flakes, granules or powder; moisture and particle size.
Garam masala & curry blends	Recipe-based blends; ingredient list and allergen review.
Tandoori, biryani & chaat blends	Seasoning blends; recipe, salt level and intended application.

PACK FORMATS TO DISCUSS

Retail pouches or jars, foodservice packs and bulk bags. Exact weights, treatment options, minimum orders and private-label capability depend on the selected supplier.

**02 / CONDIMENTS & SAUCES**

Everyday flavour.

A proposed range for mainstream Canadian grocery and foodservice buyers. Recipes, packaging and shelf life require manufacturer confirmation.

PRODUCT	FORMATS / BUYER SPECIFICATIONS
Tomato ketchup	Retail bottles or foodservice packs; tomato content and sweetness.
Yellow & Dijon-style mustard	Mustard type, texture, heat and ingredient specification.
Barbecue sauce	Original, smoky or spicy recipes; flavour profile and viscosity.
Hot sauce & chilli sauce	Heat level, pepper type, acidity and preservative specification.
Sweet chilli sauce	Dipping or cooking sauce; sweetness, heat and consistency.
Tomato & pasta sauces	Plain tomato, basil or garlic recipes; texture and ingredient list.
Mayonnaise & sandwich spreads	Egg-based or egg-free recipes; emulsion stability and allergens.
Salad dressings & vinaigrettes	Oil-based or creamy recipes; flavour, ingredients and pack size.
Soy & stir-fry sauces	Recipe-specific sauces; salt content, wheat/soy allergens and use.

BUILT TO YOUR RECIPE & PACK FORMAT

Send the ingredient requirements, target flavour profile, pack size, label artwork and required shelf life. Shelf stability, allergens and Canadian labelling must be reviewed before shipment.

**03 / VEGETABLES**

Vegetables for your channel.

Proposed frozen, dehydrated and selected fresh options for Canadian foodservice, processors and distributors. Product eligibility and logistics are confirmed item by item.

PRODUCT	FORMATS / BUYER SPECIFICATIONS
Frozen green peas	IQF or block format; size, grade, defects and pack weight.
Frozen sweet corn	Kernels or cobs; sweetness, size and packing specification.
Frozen mixed vegetables	Peas, carrots, corn and beans; blend ratio and cut size.
Frozen green beans & carrots	Whole, cut or diced; length, diameter and grade.
Frozen cauliflower & broccoli	Florets; size range, defect tolerance and supplier availability.
Frozen spinach & bell peppers	Chopped leaves, strips or diced formats; moisture and colour.
Dehydrated onion & garlic	Flakes, minced, granules or powder; moisture and particle size.
Dried vegetable ingredients	Carrot, beetroot or tomato flakes/powder; composition and use.
Fresh vegetable enquiries	Onions, garlic or chillies; subject to product-specific entry checks.

FORMAT, TEMPERATURE & FREIGHT MATTER

Frozen products require a validated cold chain. Fresh produce needs origin- and commodity-specific import checks, shelf-life planning and an agreed shipping route before a supply commitment.

**04 / PACKAGING**

Packaging with purpose.

Proposed options for food brands, distributors and general commercial buyers. Material, dimensions, printing and order volume determine sourcing feasibility.

PRODUCT	FORMATS / BUYER SPECIFICATIONS
Stand-up & flat pouches	For spices and dry goods; barrier structure, zipper and finish.
Printed packaging film	Rollstock for packing lines; film structure, width and seal needs.
Paper & kraft bags	Food or general-use applications; coating, strength and sizes.
Folding cartons & sleeves	Retail secondary packaging; board grade, dieline and print.
Corrugated boxes & mailers	Shipping cartons; dimensions, flute, strength and load rating.
Labels & stickers	Paper or film labels; adhesive, finish, roll size and artwork.
Glass jars & closures	For suitable food applications; volume, closure and freight review.
Food containers & lids	Material and use to be specified; applicable restrictions reviewed.
Protective paper packaging	Paper void fill, honeycomb wrap and inserts; size and strength.

FOOD CONTACT IS APPLICATION-SPECIFIC

Request material composition and suitability evidence for the intended food, temperature and contact time. No food-contact, recyclable or compostable claim is assumed without supporting evidence.

05 / BUYER ENQUIRIES

Let's discuss your requirement.

Share your product specifications and purchase volume so the proposed range can be checked with suitable Indian suppliers.

YOUR REQUEST

01

Product & application

Product name, grade or recipe; intended use and target sales channel.

02

Quantity & packaging

Trial order, recurring volume, pack size, dimensions and artwork.

03

Quality & documentation

Required testing, certifications, allergens and traceability documents.

04

Delivery & commercial terms

Canadian destination, required date, currency and preferred Incoterm.
